VCE English Mini-Method

VATE's Mini-Method program supports educators with the teaching of each of the VCE Englishes: **English, English as an Additional Language, Literature,** and **English Language**. Each Mini-Method is suitable for those teaching VCE Englishes for the first time, those looking for a refresher, and more experienced teachers who are seeking to understand the explicit differences between the former and new Study Designs and how this impacts their teaching practice.

Registration

To support VATE members' access to the 2024 Mini-Method program, all sessions will be available as **on-demand pre-recorded lectures** available to view on a device of your choosing at a time that is convenient for you. Each Unit will be explored across two 75-90 minute lectures relevant to each Area of Study. Details of how to access the lectures will be available at the time of purchase and access will be granted until **31 December 2024**. Online registration is **now open** on the VATE website.
