

VCE English Mini-Method

VATE's Mini-Method program supports educators with the teaching of VCE Englishes: **English, Literature,** and **English Language**. Each Mini-Method is suitable for those teaching VCE Englishes for the first time, those looking for a refresher, and more experienced teachers who are seeking to understand the explicit differences between the former and new Study Designs and how this impacts their teaching practice.

In 2025 our Mini-Method program will be delivered across pre-recorded and live formats. Details of how to access the lectures will be available at the time of purchase and access will be granted until **31 December 2025**. Online registration is **now open** on the [VATE website](#).
